On 08-23-89 at approximately 1900 hours (7:00 PM) while securing a weight from Canton Marine Towing at Front and Washington, the rubber pad in car #19 had about an 8" tear put in it. This occurred when the employees of Canton Marine were loading a steering shaft from a tow boat, into the rear of the van, to be used as an anchor for the E.P.A. remote operated vehicle that was searching for the barrels in the river.
